

Good morning everyone!

It is the middle of the week and we are so pleased with all of your work you have been sending in.

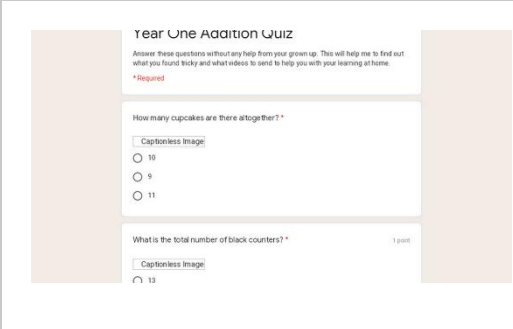

Many of you have made some lovely rainbow art already, but If you would like to create some more, or use a piece you have already done then please send a picture of you holding them in and we will create a 'class collage' to keep as a reminder of the time we stayed safe at home.

Mid-week MATHS QUIZ

To check your understanding of the maths you have been completing at home, please complete the short addition quiz (6 questions) found on the link below. This is not a test but it will help us to understand what we need to work on more with you all. Your grown up can help you read the question but cannot help you solve the problem.

Pack 1 Maths Quiz – Addition

Link: https://docs.google.com/forms/d/e/1FAIpQLSfJ9azR6-zPxVtOBFB6SPYviUUHNg3fs6mqwLCbCNXAkZatPg/viewform?usp=sf_link

The screenshot shows a Google Form titled "Year One Addition Quiz". The instructions state: "Answer these questions without any help from your grown up. This will help me to find out what you found tricky and what videos to send to help you with your learning at home." There are two visible questions: "How many cupcakes are there altogether?" with radio button options 10, 9, and 11; and "What is the total number of black counters?" with a radio button option 13. The form is set against a light orange background.

Year One Addition Quiz

Answer these questions without any help from your grown up. This will help me to find out what you found tricky and what videos to send to help you with your learning at home.

docs.google.com

For parents: After the class has completed the quiz, we will be sending out a supporting video that will help to address any common errors shared among the children.

If you have any questions, please don't hesitate to ask.

Enjoy the rest of your day!

Stay safe and take care,

Miss Holden and Miss Kemp

Here is the work for Wednesday 29th April:

Group 1:

Maths – Arithmetic starter and addition using number line

Phonics – ‘or’ spellings

Writing – Irregular past tense verbs
