DIFFICULTY:

Dear Fantastical Monster Wranglers,

I am writing to you because I saw your advert in the Daily Dragon Newspaper, looking for a special candidate to become your next Dragon Keeper. I think that I have absolutely all the traits you are looking for. Read my thorough and enlightening letter, and you will discover why I should become the most amazing Dragon Keeper there has ever been.

One of the reasons I think that you should pick me is because I am always prepared to take on a challenge, no matter where I am, or what the challenge looks like — even if the challenge looks like a humongous, fire-breathing dragon with razor sharp teeth and claws like daggers. I am simply not scared of anything, and I know that I have the right skills to train these tremendous beasts.

Secondly, do you know how respectful I am? I am so respectful that I will always hold the door open for people, even if I am incredibly late for really important events, like my birthday. How polite I am!

This is a very important quality for a Dragon Keeper. If you don't show respect towards a dragon, they just will not listen to you, and that would be no good at all. We would have dragons running riot and kidnapping princesses all over the world! This simply would not happen on my watch.

Another reason you should select me to be your next Dragon Keeper is because I am always very safe. I have been told by so many people that there is definitely no one in the world who could possibly be safer than me. It is possible that I am the safest person you could pick! You might compare me to a goal keeper — a really safe pair of hands.

Did I mention that I am ready to take on this challenge? I am like a coiled spring, ready to jump whenever somebody needs anything done.

Do I sound like someone who could become a champion dragon keeper to you?
I know that I can be.

How amazing I would be at this job!

Thank you and I hope you pick me to be your next Dragon Keeper.
