Wednesday 15th July – Reading

Extract

I eventually settled for watching birds from the ground. It wasn't the same, but it was better than nothing.

Then one day, an idea flew by...

Making planes was harder than I thought. It was easy to get cuts and scratches. But, day after day, I kept trying... and trying... until I got it just right.

My plane was perfect and it flew like nothing could stop it. I hadn't felt that happy in a long time. It wasn't the same as being up in the sky with the birds, but it was close enough.
