Dear Parents and Carers

I am writing to inform you of your child’s class teacher for the new academic year.

As you know, we have not mixed the classes this year in order to provide some continuity for pupils. A few parents have requested that their current teachers move up a year with their child’s class. This is an understandable request and it has, of course, been considered. However, for many reasons, including the need to honor training commitments and maintain year group expertise, this has not been possible to achieve. Teachers have been working hard sharing information and planning to ensure your child’s academic and pastoral needs are well-catered for. I am very confident in the ability of our teachers to give all our children an excellent start as well as an excellent year.

Pupils will have the opportunity to get to know their new teachers through their pre-recorded welcome videos. They will also receive a year group leaflet which contains more information about the adults they will be working with as well as their learning challenges.

Here is the link to the teacher welcome videos which are on the school website:

**Please don’t tell your child who it is until they have seen the video as some teachers have started their video with a *Guess Who* quiz!**
