Re: Covid symptoms and testing

Dear Parents

Although Covid-19 cases are now small they have begun to rise again. We must remain vigilant to the symptoms of Covid in order to prevent its spread in schools.

The symptoms are:

- A high temperature
- A new, continuous cough
- A loss or change to your sense of smell or taste.

Book a PCR test immediately if your child has symptoms.

It is also vital that you tell the school office straight away if you suspect your child may have Covid and are taking them for a test. We must also be informed of any PCR test results.

Our Covid-19 risk assessment remains the same for the present time. I will let you know if there are any changes or loosening of arrangements after the government announcement on June 21st.

Yours faithfully
Mrs S Pennington
